

**WOOD**

**Wood** - Merchants Metals carries a full line of custom wood fencing products. With a wide variety of species and designs to choose from, the natural beauty of a custom wood fence is a perfect compliment to your residential, commercial or agriculture project.

- Western Red Cedar
- Pressure Treated Pine
- Corral planks
- Round post
- Rustic Split Rail
- Guardrail system timbers
- Open or privacy designs

**GATES AND OPERATORS**

**Secure-Trac**® cantilever slide gates combine the highest quality materials and workmanship to ensure years of maintenance free service. The use of high alloy aluminum results in superior strength with reduced weight compared to other gates and the enclosed roller system is virtually unaffected by ice, snow, dirt or other debris.

- Fully welded construction
- Enclosed roller system
- High alloy aluminum
- Limited warranty
- Manual or mechanically operated
- Ornamental picket or chain link filler

**Tuf-Guard**™ pre-hung security gates are manufactured using galvanized steel components and are available with chain link or ornamental filler. They are shipped completely assembled from the factory, making installation quick and easy.

- Electric lock for use with intercom and CCTV
- Mortise Lock - keyed one or both sides
- Automatic / hydraulic gate closer
- Panic bar exiting device
- Maintenance free coating
- Non-slip post hinges

**Access Control** Merchants Metals provides a complete system of security solutions including gate operators, access control systems and software.

FENCE SOLUTIONS IN ORNAMENTAL • CHAIN LINK • WOOD • PVC • ACCESS CONTROL • TEMPORARY [WWW.MERCHANTSMETALS.COM](http://WWW.MERCHANTSMETALS.COM) 866-888-5611

**M**erchants Metals is one of the largest manufacturers and distributors of fence systems in the nation and has been the architect's and contractor's source for quality fencing and accessories for over 50 years. Our complete line of products includes perimeter security solutions for industrial, commercial and residential applications.

**CHAIN LINK SYSTEMS**

**Colorbond** - PVC color coated fence systems are the natural choice for applications requiring both security and aesthetics. The PVC coated chain link fabric is available in fused and adhered or extruded and adhered wire, and can be combined with a variety of color coated framework choices.

- Never needs painting
- Complete line of gates available
- Limited warranty
- Meets:
  - ASTM F 1043 Group IA or IC for framework
  - ASTM F 668 for Class 2a or 2b
  - Federal specification RR-F-191/3E, Class 1 Grade A or Grade B, AASHTO M-181 Grade 1 or Grade 2
  - ASTM F 934 for standard colors and test method D 1499

**Galvanized Systems** - Zinc coated chain link fabric is available in a variety of heights and sizes. Combined with galvanized framework, galvanized chain link fence systems provide exceptional security and protection.

- GAW limited warranty
- Complete line of gates available
- Residential, commercial and industrial applications
- Meets:
  - ASTM A 392
  - AASHTO M-181
  - RR-F-191/1E

**Secure-Guard**® is a high-security chain link mesh with small openings (3/8", 1/2", 5/8" and 1" sizes) making it difficult to cut, climb or pass objects through. Secure-Guard® is available in galvanized, aluminized and PVC coatings (black, brown and green).

- Ideal for special security projects such as:
- Bridges & pedestrian overpasses
  - Storage yards
  - Military facilities
  - Prisons
  - Warehouses
  - Complete line of gates available
  - Limited warranty
  - Meets:
    - ASTM A 491
    - ASTM F 668 Class 2b
    - RR-F-191/1E

**ArmorLink® Aluminum Coated Fabric** - State of the art aluminum coating and steel wire drawing technology results in wire with excellent tensile strength and ensures a smooth, uniform coating.

- Complete line of gates available
- Residential, commercial and industrial applications
- Limited warranty
- Meets:
  - ASTM A 491
  - AASHTO M-181
  - RR-F-191/1E

**ORNAMENTAL STEEL SYSTEMS**

**Guardsman**® combines classic designs with high quality materials, making it the architect's choice for ornamental steel fence. Panels are pre-assembled and attached to posts using a patented high security bracket which allows for directional change.

- Patented security bracket
- Maintenance free
- Durable polyester powder coat finish
- Galvanized steel construction
- Limited warranty
- Complete line of gates available
- Unique drive rivet construction for exceptional strength
- Standard color is black with other colors available
- Residential, commercial, industrial and high security applications

**Statesman**® combines old-world charm with modern technology to provide affordable and secure solutions for residential or light commercial application.

- Available in a variety of popular styles
- Galvanized high strength steel
- Low maintenance assured
- Unique riveted design
- Polyester powder-coated
- Limited warranty

**TangoRail**® is a revolutionary steel fencing system that employs a unique and patented method for joining the pickets to the rails. The design caters to elevation changes so the panels are easily adjusted on site to follow ground contours, thus eliminating the need for specially fabricated panels.

- Self adjusting steel fencing system
- Limited warranty
- Maintenance free
- No visible fasteners
- Galvanized steel components
- Complete line of gates available
- Fully assembled panels
- Double walled rail engineered for increased strength and rigidity

**Secure-Weld® Plus** is a fully welded system constructed from galvanized steel components. It is perfect for applications where the strength of a welded system and rust free performance are required. Standard color is black with other colors available.

- Maintenance free
- Galvanized steel components
- Limited warranty against corrosion
- Residential, commercial, industrial and security applications
- Complete line of gates available

**Secure-Weld**® is produced for the value-conscious consumer and is the ideal choice that combines the ruggedness and security of steel with the unsurpassed beauty and durability of Merchants Metals' superior TGIC Polyester Powder Coating.

- Four popular styles
- Fully welded design
- Fully assembled panels
- Full line of gates available

**ORNAMENTAL ALUMINUM SYSTEMS - RESIDENTIAL**

**Vintage Square® Premium** - The innovative and proprietary design of the Vintage Square Premium system creates a look of seamless beauty and worry-free performance. The unique internal fastener system eliminates all visible fasteners.

- Factory pre-assembled
- Limited lifetime warranty
- Maintenance free
- No visible fasteners
- Each 6' wide section accommodates elevation changes up to 33"
- Complete line of standard and arched gates available

**Vintage Square®** - Made of high-strength 6063 - T5 aluminum, Vintage Square is as durable as it is beautiful and is perfect for residential applications.

- Available in a variety of popular styles
- Factory pre-assembled
- Limited lifetime warranty
- Maintenance Free
- Complete line of standard and arched gates available

**Specrail** - offers a combination of durability, strength, clean appearance and will keep it's attractive finish over a lifetime.

- Maintenance free
- Versatility
- Limited lifetime warranty
- Lasting Beauty
- Complete line of gates available

**PVC FENCE, RAIL AND DECK SYSTEMS**

**PVC** - Classically elegant and virtually maintenance free, Merchants Metals PVC fence, rail and deck products offer a wide selection of products.

- Complete line of fence styles
- Picket
- Privacy
- Ranch
- Limited lifetime warranty
- Fences are available with metal inserts for added strength and durability
- Available in white, tan, clay, and woodgrain cedar and driftwood

**TEMPORARY FENCE PANELS**

**Tuf-Temp**® temporary fence panels add a level of safety, security and professionalism to any job site or event.

- Clean and attractive look
- Panels can be inverted to extend life
- Anti-lift brackets available for added security
- Light weight panels (45 lbs.)
- Nominal 11-1/2' length by 6-1/2' height provides design flexibility
