FENCE SOLUTIONS IN ORNAMENTAL • CHAIN LINK • WOOD • PVC • ACCESS CONTROL • TEMPORARY WWW.MERCHANTSMETALS.COM 866-888-5611

Merchants Metals is one of the largest manufacturers and distributors of fence systems in the nation and has been the architect's and contractor's source for quality fencing and accessories for over 50 years. Our complete line of products includes perimeter security solutions for industrial, commercial and residential applications.

CHAIN LINK SYSTEMS

Galvanized Systems - Zinc coated chain link fabric is available in a variety of heights and sizes. Combined with zinc coated framework, galvanized chain link fence systems provide exceptional security and protection.

- Meets:
 - ASTM A 392
 - AASHTO M-181
 - RR-F-191/1D
- 15 year warranty
- Complete line of gates available
- Residential, commercial and industrial applications

ArmorLink® Aluminum Coated Fabric - State of the art aluminum coating and steel wire drawing technology results in wire with excellent tensile strength and ensures a smooth, uniform coating.

- Meets:
 - ASTM A 491
 - AASHTO M-181
 - RR-F-191/1D
- 25 year warranty
- Complete line of gates available
- Residential, commercial and industrial applications

Secure-Guard® is a high-security chain link mesh with small openings (3/8", 1/2", 5/8" and 1" sizes) making it difficult to cut, climb or pass objects through. Secure-Guard® is available in galvanized, aluminized and PVC coatings (black, brown and green).

Ideal for special security projects such as:

- Bridges & pedestrian overpasses
- Storage yards
- Military facilities
- Complete line of gates available
- Prisons
- Warehouses

Color Coated Systems - For applications requiring security and aesthetics. Chain link fabric color coated with PVC is either extruded and adhered or fused and adhered.

- Meets:
 - ASTM 668 F for Class 2a or 2b
 - Federal specification RR-F-191/3D, Class 1 Grade A or Grade B, AASHTO-181 Grade 1 or Grade 2
 - ASTM F 1043 Group IA or IC for framework
 - Most state government specifications
 - ASTM F 934 for standard colors and test method D 1499
- Never needs painting

TEMPORARY FENCE PANELS

Tuf-Temp® temporary fence panels add a level of safety, security and professionalism to any job site or event.

- Clean and attractive look
- Panels can be inverted to extend life
- Anti-lift brackets available for added security
- Light weight panels (45 lbs.)
- Nominal 11-1/2' length by 6-1/2' height provides design flexibility

ORNAMENTAL STEEL SYSTEMS

Secure-Weld® Plus is a fully welded system constructed from galvanized steel components. It is perfect for applications where the strength of a welded system and rust free performance are required. Standard color is black with other colors available.

- Maintenance free
- Galvanized steel components
- 10 year limited warranty against corrosion
- Residential, commercial, industrial and security applications
- Complete line of gates available

Guardsmen® combines classic designs with high quality materials, making it the architect's choice for component ornamental steel fence. Panels are pre-assembled and attached to posts using a patented covered security bracket which allows for directional changes of up to 30°.

- Patented security bracket
- Maintenance free
- Durable polyester powder coat finish
- Galvanized steel construction
- 15 year limited warranty against corrosion
- Unique drive rivet construction for exceptional strength
- Standard color is black with other colors available
- Residential, commercial, industrial and security applications

ORNAMENTAL ALUMINUM SYSTEMS - RESIDENTIAL

Vintage Square® Premium - The innovative and proprietary design of the Vintage Square Premium system creates a look of seamless beauty and worry-free performance. The unique internal fastener system eliminates all visible fasteners.

- Factory pre-assembled
- Limited lifetime warranty
- Maintenance free
- No visible fasteners
- Each 6' wide section accommodates elevation changes up to 33"
- Complete line of standard and arched gates available

Vintage Square® - Made of high-strength 6063 - T5 aluminum, Vintage Square is as durable as it is beautiful and is perfect for residential applications.

- Available in a variety of popular styles
- Factory pre-assembled
- Limited lifetime warranty
- Maintenance Free
- Complete line of standard and arched gates available

PVC FENCE, RAIL AND DECK SYSTEMS

PVC - Classically elegant and virtually maintenance free, Merchants Metals PVC fence, rail and deck products offer a wide selection of products.

- Complete line of fence styles
- Picket
- Privacy
- Ranch
- Fences are available with metal inserts for added strength and durability
- Available in white, tan, clay, and woodgrain cedar and driftwood

GATES

Secure-Trac® cantilever slide gates combine the highest quality materials and workmanship to ensure years of maintenance free service. The use of high alloy aluminum results in superior strength with reduced weight compared to other gates and the enclosed roller system is virtually unaffected by ice, snow, dirt or other debris.

- All welded construction
- Fully enclosed roller system
- High alloy aluminum construction
- 7 year limited warranty
- Manual or mechanically operated
- Ornamental picket or chain link filler

Tuf-Guard™ pre-hung security gates are manufactured using galvanized steel components and are available with chain link or ornamental filler. They are shipped completely assembled from the factory, making installation quick and easy.

- Electric lock for use with intercom and CCTV
- Mortise Lock - keyed one or both sides
- Automatic / hydraulic gate closer
- Panic bar exiting device
- Maintenance free coating
- Non-slip post hinges

Access Control Merchants Metals provides a complete system of security solutions including gate operators, access control systems and software.
